### **Local rock collector shares passion for geology**

Learn more about the collection featured in the Sioux City Public Museum's current exhibit from self-proclaimed "rock hound" Dr. Robert Powell at the **Tuesday Twilight Talk: Rocks, Minerals & Fossils** on Tuesday, September 8 at 6:30 p.m.

Powell, a retired medical doctor from Kingsley, will share his passion for geology and showcase items from his own collection. Attendees are invited to bring their own rock or mineral specimens that they may need help identifying.

The ***Nature's Kaleidoscope*** exhibit showcases a world class collection of agates, gems, fossils, petrified wood and meteorites recently donated to the Museum by Dr. James Hartje. The exhibit will be on display through November 1.

Housed in the historic John Peirce Mansion at 2901 Jackson Street, the Sioux City Public Museum offers monthly Tuesday Twilight Talk programs featuring topics of regional historic interest. For more information, call the Sioux City Public Museum at 712-279-6174 or visit [www.siouxcitymuseum.org](http://www.siouxcitymuseum.org). Admission is free.
